 AMERICAN ASSOCIATION FOR JUSTICE

Making Your Voice Heard

We are working to end forced arbitration; prevent limits on medical malpractice, medical products, and nursing home cases; ensure proposed changes to the Federal Rules of Civil Procedure are fair and adequate; defeat tort reform aimed at limiting access to the courts; and educate the public about trial lawyers and the civil justice system.

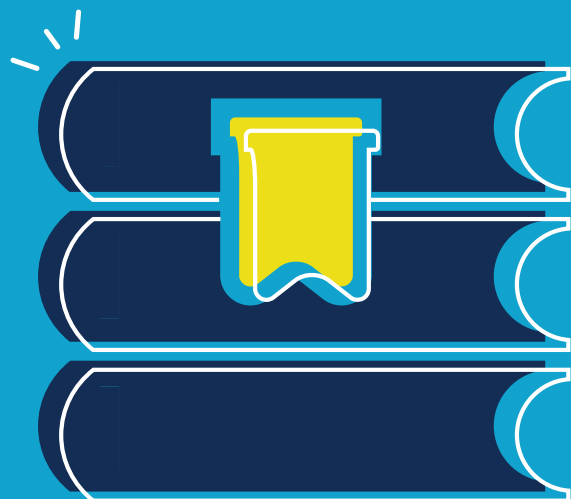

GET INVOLVED!

- Contribute to AAJ PAC
- Participate in an AAJ Lobby Days event
- Share your client stories to help us educate the public
- Take action on our issues via Take Justice Back
- Volunteer, serve your community, and/or share your story
- And more...

Why Is Education So Important?

Each year, we review member engagement over the past 5 years. The results are clear! When members attend an AAJ Education program within their first five years of joining, they feel connected and are more than twice as likely to renew their AAJ membership. And from there, members are also more likely to increase their engagement and networking by joining a Section or Litigation Group and joining AAJ PAC or Leaders Forum. That is why education is a cornerstone of AAJ.
